## Center for Organizational Development

In today's competitive work environment, the need for professional development is more urgent than ever. Many organizations are being asked to do more with less, often times with minimal training for their employees in the new tasks and responsibilities.

The Georgia Perimeter College Center for Organizational Development offers professional development, training and consulting services to businesses, government agencies and community organizations. The Center for Organizational Development can help you assess your training needs and find affordable solutions to transform your organization. We have served more than 200 organizations throughout the metro Atlanta area ranging in size from Fortune 500 companies to privately held businesses, not to mention federal, state and local government agencies.

### Our mission

To form strategic partnerships with organizations by helping them become more innovative, more productive and more dynamic through investment in training, education and employee development. Employee participants engage in learning that builds knowledge, skills and abilities, which enhances their vitality in the workforce and their bottom-line performance.

As a leader in professional development and performance consulting, The Center for Organizational Development is dedicated to helping organizations meet their goals and objectives by leveraging their most important asset, their people. We are so confident in our ability to deliver effective, change-making programs that we guarantee your satisfaction—or your money back. Our instructors are experts in their fields and bring their knowledge and experience to the classroom. We facilitate behavior change with employees by enabling them to adapt to new concepts and actions that will help them achieve the goals of the organization.

The Center has developed programs customized to the needs of our clients in:

Communication Skills & Strategies

Employee Development

Supervisor & Managerial Skills
